This announcement is published pursuant to the inside information provisions under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) and Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited by China Suntien Green Energy Corporation Limited (the “**Company**”, together with its subsidiaries, the “**Group**”).

The board of directors (the “**Board**”) of the Company wishes to inform the shareholders and potential investors of the Company that, according to the preliminary assessment based on the consolidated management accounts of the Group for the year ended 31 December 2017, which has not been audited or reviewed, the net profit attributable to the shareholders of the Company for the year ended 31 December 2017 is expected to increase by more than approximately 60% in comparison with the corresponding period of 2016.

According to the information currently available, the Board considers that the increase in the net profit attributable to the shareholders of the Company is mainly due to: (1) the satisfactory wind resources of the Group as compared with last year and the increase in the operating capacity of the wind farms stations, which resulted in the increase in power delivered to grid and power sales revenue as compared to the corresponding period of last year; and (2) the significant increase in the sales volume of natural gas of the Group, which resulted in the increase in revenue as compared to the corresponding period of last year, and the increase in the investment revenue of Hebei Natural Gas Company Limited (“**Hebei Natural Gas**”) as compared to the corresponding period of last year. Meanwhile, due to the long age of the accounts receivable owed by certain customers of Hebei Natural Gas, the Group proposes to make provisions for impairment in this regard.

The information contained in this announcement is only a preliminary assessment based on the consolidated management accounts of the Group for the year ended 31 December 2017, which has not been audited or reviewed.
