CHINA SUNTIEN GREEN ENERGY CORPORATION LIMITED*
新天綠色能源股份有限公司

(a joint stock limited company incorporated in the People's Republic of China with limited liability)

(Stock Code: 00956)

**FURTHER INFORMATION ON THE CONNECTED TRANSACTION
UNDER THE LNG PURCHASE AND SALE CONTRACT**

Reference is made to the announcement of China Suntien Green Energy Corporation Limited (the “**Company**”) dated 30 June 2025 (the “**Announcement**”) in relation to the supply of LNG to Caofeidian Company by New-energy Supply Chain under the Purchase and Sale Contract. Unless otherwise stated, capitalized terms used herein shall have the same meanings as those defined in the Announcement.

As disclosed in the Announcement, the price of LNG supplied by New-energy Supply Chain to Caofeidian Company pursuant to the Purchase and Sale Contract is RMB3.5713 per cubic meter (excluding the processing fee for the use of terminal), which was determined by reference to the onshore spot price in Northeast Asia (Platts Japan-Korea Marker (JKM)) of US\$12.338 per million British thermal units for the first half of July 2025.

The Company wishes to provide its shareholders and potential investors with additional information about the basis of determination of the consideration for the Transaction.

The unit price per cubic meter of LNG of RMB3.5713 was calculated by converting the above JKM price from US dollars to RMB, adjusting for the conversion between energy units (million British thermal units to gigajoules, and gigajoules to cubic meters), and including a 9% value-added tax. The total consideration for the Transaction was derived by multiplying the unit price per cubic meter of LNG by the supply volume under the Purchase and Sale Contract.

Save as disclosed above, all other information set out in the Announcement remains unchanged. This announcement is supplemental to and should be read in conjunction with the Announcement.
